NEWSLETTER FOR NOVEMBER 2023

MEETING LOCATION:

At the field—November 4th, 2023

The meeting was called to order by President Denny Keubler.

Board Members Present-

Denny Keubler ——— President
Tony DiCoio ——— Treasurer
Harry Minnier ——— Secretary

Treasurer's Report –approved

Secretary's Report - Approved as published

Membership Report - Total of 70 for 2023

Field report—no report

Tony DiCoio reported— That the club will have enough money to pay our rent and porta pot, without using our reserve funds for this year. Membership for next year is open and the new rate has been updated on the website.

Update on our FRIA request— Denny reported that he has not heard back from the AMA. Looks like a long time till we hear back, as there is now a 6 month extension before the FAA new rule is required. They indicated there is a backlog of about 600 requests still pending.

Fun Fly November 11th—We talked about what food was left over from the last fun fly. With the left overs from the last fun fly and the donations from this meeting we will have enough money for food for the event. Therefore for this time, the club would be providing the food at no charge for all members.

Search for new Field— Tony did have a person who had indicated he had a possible flying site in Northampton, not very close to our present location.

Donations—We again would like to thank all those who donated to our events. A special thanks to one of our members who made a donation of a twin motor plane, at the event. The Club made a record amount, due to some really nice things, donated and a bargain for the buyers.

Editor Harry Minnier

Nominations of Officers for next year—The following nomination of officers for next year are as follows:

President—Rich Prochut
Treasurer—Tony DiCoio
Secretary—Rich Prochut (acting)
1st Vice President—Jim O'Brien
2nd Vice President—Harry Minnier
Nominations were opened for all offices, as there were no nominations, nominations were closed. Voting of officers for next year will be at the December meeting.

Editors note—With the increase in our Membership Dues it is important to review what you get for your money.

We have Fun Fly events, this year we had 7.

At 3 or 4 of Fun Fly events we had free food.

We had 2 Flea Market events where you could get a great deal on RC planes, engines and RC equipment and parts. Or, you could sell your stuff.

At the other 4 events you got a bargain lunch with a lot of extras, including a soda or water. The price at most all of the events, that you had to pay, was just five dollars. The Fun Fly events are a great bargain, you could not find a deal like that any place that I know of.

You have the best area to fly over, no trees in the area to worry about when landing or taking off. A runway that is over 700 foot long and about 90 feet wide, and grass is cut twice a week when needed, and always perfect for the weekend, or any time.

Plenty of parking for your car or truck.

There are tables and flight stations for your plane, and pipe holders stands for setups.

We have chairs and benches for relaxing when not flying.

There is a charging station for recharging. We also have electrical outlets for AC charging.

We have 3 huts to sit in and get out of the sun, with a table for food or just sitting down with friends.

We have one hut enclosure equipped with windows, a fan for summer, and is enclosed with a propane heater for colder weather.

The **NJ Pine Barons Club** is the **best** with the **most** RC Flying Club around,

Motion to close—Was approved at 10:45 AM

Next Meeting— December 2nd, 10:00 AM at the field
